ASX Announcement
ETHERSTACK PLC
("Etherstack" or the "Company")

Etherstack awarded £14.2m UK Government 5 year contract

Etherstack is pleased to announce that its UK subsidiary Etherstack Wireless Limited has been awarded a contract with the UK Home Office to supply our mission critical communications software for use in the UK's Emergency Services Network (ESN), valued at £14.2m. Etherstack was awarded the contract via a competitive tendering process. The contract has an initial term of 5 years.

The Company will deploy its 3GPP LMR-IWF (InterWorking Function) into the UK government network that will allow public safety agencies to communicate from their existing TETRA digital radio network (known as Airwave) to the new Emergency Services Network (ESN) as defined within the Prior Information Notice (PIN) ref: 2023/S 000-027709.

Further details regarding the ESN Interworking Gateway contract will be provided during an upcoming investor webinar to be announced shortly.
